SHAWNIGAN LAKE SCHOOL

2002-2003

Challenge: Have a look at the page numbers... Can you figure out who or what each one is? -->

MR. D. ROBERTSON

As yet another school year draws to its end or rather accelerates to its close, headmasters have a tendency to become reflective, not to mention sad. This one tends to be both at the moment as another graduating class moves on and relationships that have become meaningful and warm are put on hold. The boarding school environment places a heavier emphasis than many other types of school on productive relationships and we at Shawnigan subscribe completely to the notion that education is at its most effective and lasting when it takes place

in the context of a positive relationship. There's an ownership of the responsibilities that go along with the education when there's a larger reason to do one's best or a commitment to an individual or a cause. That's why life at Shawnigan can be more demanding than it is in many other schools, but, ultimately, more rewarding too.

This year has been a hugely important one for our school with the advent of Marion Hall making us more aware than ever of the sense of community that is fundamental to the Shawnigan experience. It feels as though we have recovered something lost or perhaps mislaid. The Hall and the Quadrangle are both designed to pull the school together and they have succeeded admirably, strengthening the sense of belonging. The graduating class of 2003 should reflect with some pride on their contributions to the relationships that have been productively and successfully formed. They have set a very fine example. If the school stays with them in the way of Tennyson's, "I am a part of all that I have met" or even, "All that I have lived is a part of me" then I look forward to keeping in touch in the years to come. If it's valid, keep it vital, and I, for one, hope that it is both.

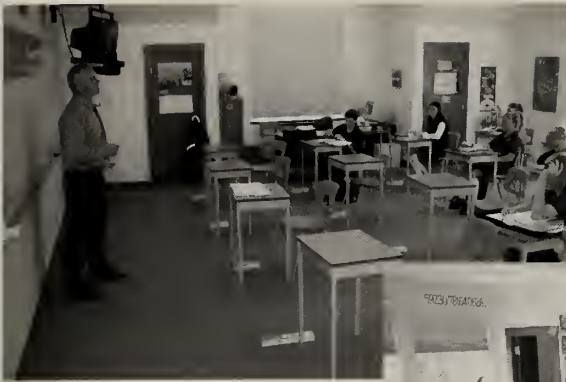

Many of the faces from the ever growing Shawnigan Staff.

MATHEMATICS

Math, as always was a year of numbers, numbers and more numbers.

Mr. Cox continued to stump the grade 12's (as well as Tinker and Don) with Calculus raps. Mrs. Dalrymple had the best-decorated classroom with student posters. Mr. Chicquen, when he showed up on time, made his students add **WITHOUT** calculators. Mrs. Platt ran her zoo of a class with canine help. Mr. Dukelow was able to incorporate rugby word problems into each lesson. Ms. Woollven had a stash of lollipops to bribe us into working. Mr. Fraser, when not away on a golf or hockey outing, had his classes help him with each sport pool he ran. The angles involved in each basketball move was Mr. Pasquale's specialty. Mr. Bryant tried to show his grade 8's that ~~complain~~ debating is just as important as math work.

Within the home of the Shaw Science Center, the Science Department offers a variety of programs that include Biology, Chemistry, Physics and Computer Science (held in the main building). Each of the labs are outfitted with all the equipment needed to fulfill the needs of every subject. There is also plenty of space outside the buildings to participate in outdoor lab work (this is a favourite of the student body). These outdoor labs include: shooting off rockets, launching water balloons from catapults, dropping stuff out windows, exploring and studying the wild life around beautiful Lake Omar, and many others...

There was a lot of talking in the new Olson Building this year. We spoke in English, Spanish, German, French, Japanese and Mandarin. All this talking was supported and enhanced by members of Shawnigan's own international community who speak these languages as their mother tongue.

CHAPEL...

The chapel continues to be a big part of Shawnigan Lake School. The building itself has changed a great deal over the years, getting taller, longer and wider, but the purpose of bringing the school together as a community has not.

coming together as a community

This year the themes of the residential curriculum were incorporated into the chapel through house presentations.

Remember when:

- The Kaye's chorus line sang about RESPECT.
- Will from Copeman's (as Mr. Samuel) and Mr. Koenig and the band showed the importance of INVOLVEMENT.
- School/Renfrew kicked off the Basketball season with a SPIRIT Pep-Rally.
- Lake's showed a video presentation of Loyalty Man (aka Kendal) to the chapel to demonstrate LOYALTY.

-Max played air piano while the Duxbury boys did a dance to make us remember COURTESY.

-Arthur wowed us once again with his violin as part of the Ripley's HONESTY presentation.

-Groves' invited a number of celebrities to the "Jesse Jones Show" whose topic was SUCCESS.

-Warren's impression of Mr. Linn as the Lonsdale's boys talked about the importance of HARDWORK.

ON EXCHANGE

MONTREAL

Sandra Afeyan switched

places with Katherine Shelley for February and March, with Katherine heading to Lower Canada College in freezing Montreal. Sandra got to experience Ski Week, and said her good byes by singing "Leaving on a jet plane" in the Chapel.

Exchanges to Scotland, New Zealand and Australia maintained long standing ties with Cranbrook School, Wanganui Collegiate, Yarra Valley School, John Paul College, and Merchiston Castle School. The lucky participants were:

EDINBURGH

Jonathan Paterson and Andrew Knox / Trey McLaughlin and Geoff Roth.

NEW ZEALAND

Wes Buss and Sung Bong Woo

AUSTRALIA

Courtney Gahan and Elise Kelly / Brie Decorby and Devin Chen; Alex Caminer / Justin Gouin; Brielle Jone / Danielle Yole

FRANCE

This year an exchange was organized by Mme. Boulais with students from 6 different regions of France. For the first few months of the year we were joined by Justin Fontaine, Thomas Legois, Manuel Duprés, Benjamin Gille,

Johan Carradot, and Érika Georget as they tried to improve their English skills. In February, Stephanie Marshall, Bori Yoon, Nicole MacMillan, Josh Switnicki, and Melissa Willie traveled to France for 3 months. It was a great experience for all, that we hope will continue in the future!

JAPAN

For the third year, Shawnigan had the opportunity to host students from Azabu High School in Tokyo during their week-long visit to Canada. Though their time here was short, it gave students from our two schools a chance to share customs, language and friendships. The students from Azabu gave a wonderful presentation of their school including a demonstration of Kendo, Japanese games

and a traditional Japanese dance. In November, Mr. Dukelow, Mr. Hall, Rob Nixon, Greg Funk, Pat Evans, Harris Richer, Matt McKay, Stephen Ngai, Taylor Drye, and Tristan McInnis visited Tokyo.

GERMANY

Stephanie Denk ended the year in Wallerstein Germany as she exchanged spots with Evi Mai.

Grade 8 Rugby

Our season for the grade 8 rugby team had an excellent start, everyone worked very hard. The coach was very helpful in teaching us the basics of the game, as well as to work together as a team. Although we won only half of the games, we were close in most and we learned a lot from our losses. The team wants to thank our coaches as well as all of the players for their efforts. We feel that this has been a very successful season.

Grade 9 Rugby

This season has been very successful for the grade nines. We played six league games and won five with a narrow loss to the Saint's at home 5-12, but on their home field we got our revenge, where the final score was 30-28. We beat Brentwood 55-0 and 53-0. Outstanding plays came from Dan, Richard, Stefan, Chris, and many others. Thank you Mr. Hyde-Lay and Mr. Linn for a great season! Thank you all! Let's get ready for the Colts!

Colt Rugby

The Colt Rugby programs had an exciting and successful season. We started off well with a win against Vanier. As the season progressed, the teams came together with the skills, passion and mental focus of a true Shawnigan Team. At the mid-season, we were unfortunate to lose against St. George's by 2 points. After several hard fitness and skill sessions, the teams gained physical and mental discipline. Near the end of the season, we came back from Vancouver with a triumphant win against St. George's; winning the ISA Cup. We were unlucky with several major injuries but we came out on top. As the Island Championship drew close, we trained hard for the oncoming challenge. We won our first game, which put us in the semi-finals against Dover Bay, the 2nd best team on the Island. As a result, we treated it as if it was the final, as we knew it would be a physically and mentally challenging game. A victory lead to our final against our closest and biggest rival, Brentwood. Despite 3 sin bins in the game, we came out successfully, obtaining the Island Championship. I would like to thank all the coaches for making the Colt's Program successful and special thanks to Mr. Robertson and Mr. Wyatt for their time and effort with the "A's". This was the most exciting and valuable rugby season I have ever had. Good job boys!

Junior Volleyball

The A team played well in league play, winning most of their games. The first tournament was the ISA Championships at St. Michael's University School. After a sluggish start, the team began to improve with each game. Mariah Charleson and Melissa Willie were honored as First Team All-Stars for this tournament. Our best performance was against Kwalikum Secondary and Highland Secondary. The Mid-Island Championships, held at Brentwood College, was possibly the last tournament of the season; only the winner would advance to the Island Championships. The team wanted to win this tournament after placing second to Brentwood last year. The team played Lake Cowichan Secondary in the Grand Final at the Mid-Island Championships. After a strong first set, we fought hard to take the final in three tight sets. After this win, the team competed at the Island Championships. They tried their best and came 7th out of 8.

The Junior B team did not play many games, but they did well against all teams. Most notably the team played well against QMS, Quamichan, Mt. Prevost, and Brentwood College. In the final tournament of the season the team played a number of very close matches to finish 3rd in their pool and an equal fifth overall against 10 other teams. Well done!

Senior Volleyball

Senior girls volleyball had quite a season. We started off fairly well playing some teams from our league and winning those games. Our happiness was soon stopped when we played in tournaments against "AAA" teams, where we didn't win one game, however; the girls never got down. For the whole year we thought we wouldn't ever win a game in a tournament until our last tournament where we broke the curse and finally won a game. The team would like to thank Mrs. Pasquale and Mr. Olson junior for all there knowledge about the game. I would personally like to thank all the grade 12's on the team for a great final year. Though we didn't get to do all we wanted to do, I still had fun!

Junior Field Hockey

At the beginning of the season, as our captain Claire Linn said, "We were simply a bunch of girls thrown together to make a team, some of whom had never played before. By the end of the season, we had made great progress and became a true team". We lost a game at the ISA championships in shoot-outs, but we used the experience garnered there to win the shoot-out in a Mid-Island Championship game against Brentwood. No matter what the final score was, the girls always kept their spirits high with positive attitudes, cheering, and support towards each other. The "Most Valuable Player" award went to Claire Linn and the "Most Improved Player" award went to Adrianna Hanson.

Senior Field Hockey

The Senior Field Hockey team entered the season with very high hopes, including a plan to secure a spot at the BC Championships. With a stable core of veterans and some talented new-comers, things went very well in the first half of the season. A fourth place finish at the traditionally high level ISA Championships was an encouraging early sign. Routinely trouncing the AA competition on the North Island, the South was preparing for the showdown that would decide which three teams progressed to the Provincials. Lead by

the hard-nosed play of Anna Stuart, the skillful Fiona Dalrymple and the solid goalkeeping of Emily Allen, the team made it to the final four, poised to reach their goal. In what ended up being the season-ending loss to Lambrick Park, who went on to place 4th in the Province, the team rallied to play some of their most spirited hockey of the season. Many thanks to the departing grade 12's for their contributions to the sport, and to Rhona Young who came from Scotland to assist Mr. Chicquen in coaching. Be proud girls, of what you accomplished, and we've more good times to come, on tour in Australia in 2003. -Mr. K. Chicquen, Coach

Fall Senior Rugby

Although the season does not officially commence for our senior boys until the spring, they have begun their training. The squad that we have this year has the potential to become a very dominant side in BC. We have a lot of "beef" up front and a lot of skilled and talented players in the backs. The boys have played against two touring teams this term and have won comfortably on both occasions. However, they have a great deal of work to do before we head off to Ireland and Wales in March, for the pre-season tour. It was a lack of fitness that cost us last season, so, Mr. Hall, Mr. Samuel and myself are working the boys extremely hard at the moment to ensure that we don't have the same problem this year. If the effort continues to increase and the boys play to their potential, I believe that the Shawnigan 1st XV will have a very successful season and perhaps the likes of Matt Evans, Colin Young and Cody Berg will gain some representative honours.

Senior Soccer

This year's soccer team was one of the most talented sides Shawnigan has produced in many years. The season started with a second place finish in the ISA tournament. Following that impressive performance, came wins over Brentwood, Kelsey, and the number one team in the league, Gulf Islands. Unfortunately, we could not attend the North Island tournament, due to travel and ineligibility issues. The team would like to thank Mr. Doyle, Mr. McCarthy, and Mr. Williams for all their time and effort. In all, this soccer season proved to be quite successful.

Senior Rowing

This fall, the Sr. Rowing program enjoyed fantastic weather and a continually shrinking lake. The excellent weather allowed the crews to put in many miles, develop a good base and prepare for regattas. The shrinking lake helped Phil break his oar on a metal post stuck into a normally submerged rock. The shrinking lake also allowed Nadia, Asha and others to get swallowed up to their waist in the mud adjacent to the docks.

The Rowers attended two regattas: The annual regatta at Elk Lake, and the Head of the Gorge Regatta in Victoria. The Elk Lake regatta allowed the novices to try racing for the first time and helped the experienced rowers remember how to race. The 4.5 km Head of the Gorge Regatta gave the rowers the opportunity to enjoy Downtown Victoria from the water, navigate a scenic racecourse, push themselves to the limit, and see the Canadian Mens 8+ (current World Champions) in action. It was a successful term with excellent progress made by all the participants. I would like to express a special thank-you to the coaches Mr. Dorland and Mr. Hutchison for a great term.

Sailing

Sailing Takes Me Away...

We were indeed blessed by the goddess of meteorology this fall as one glorious afternoon followed another right through to the advent of November. Blue skies, puffy white cumulo-nimbus clouds, and great big yellow suns poured their resplendent bounty upon us, and we sailed forth determined to enjoy not only the surreal beauty of the lake but also the thrill of the freshening breeze through our hair. Occasionally, moved by a particularly tranquil and balmy afternoon, we practiced our person-overboard routines, reveling in the maternal warmth of the water. It was an excellent season for neophyte and ace alike; new skills were

introduced and assimilated, and old ones were resurrected and refined. The Captain (Mr. Deane) assumed the helm as the Commodore (Mr. Sarsfield) went ashore after many seasons at the con. Our thanks and appreciation go out to him for his years of dedication and guidance.

"Lord, let me feel Thy freshening breeze, and I'll put back to sea."

Senior X Country

The Senior Cross Country team consists of 12 runners who trained hard running hills, long distances, and shorter (but fast) intervals. We ran in the Island High School Cross Country League and placed third overall but just missed qualifying for the BC's in the last race of the season. James Camp was consistently our top runner (and one of the top in the league) followed closely by Bill Excell, Sergio Laudidio, Alex Caron, and Alister Burke. Congratulations to all of those runners who trained and raced hard. it was a great season! -R. Filgate, Coach

Outdoors

The fall term was a glorious season in the outdoors program. It's the trips that everyone looks forward to, which are a large part of the outdoors activity. During the week we prepare for the trips with an intense aerobic regime which usually involves a run to Mt. Baldy, a small climb, and a run back. The trips were located on the east coast of Vancouver Island, and our main modes of transportation were our stalwart kayaks. The first of two trips was to Portland Island, just off Sydney. The next trip began with an introduction to the intricacies of shooting a bearing, then we headed off to the northern Gulf Islands and made camp on Valdez Island. It was an extremely insane trip, everyone was tired from kayaking. Once on Valdez, students proceeded to follow Mr. Koenig and Mr. Van Strauben-zee into the wilderness of the island. They then became hopelessly lost (well that's what the students thought). When the team returned to the site late at night they discovered phosphorescence. It was a great experience for all the students and staff who attended these trips. Thanks for a great term!

This year
Duxbury has established
itself as the best looking house
on campus. Unlike any other house, we've been
able to rely on our endless amount of talent, pure skill and
teamwork. Duxbury is a mosaic of different people all striving towards

the same goals of success. We were championed by our duty staff: Gordo, you showed us the intricacies of woodworking; Mr. Hall, you made fun of us; Andy Olson, we made fun of you; and Will, you're Scottish, but we'll never forget the suits. To the Olsons and the Austins, who ran the house, what can we say? You led us through the good and the bad, and you led us well. Pam, thanks for trying to make us cool, even though we still aren't. I could talk about the marvelous younger grades, but no, they will have their own time. Now for the grade 12's. First off, I'd like to thank Jae-Young and Sergio for leading the minorities of the house, and Howie, for representing. Luke, you're almost Zoolander, just lay off your knuckles. Harris and Ben, your room will not be forgotten; or at least, it will still be there, physically, next year. Jamie, thanks for the break-dance fights. James, you're sort of big, I guess, but you're not too bright. Max "the Big sleep" Dawson, keep it real in E-town. Alex, we've enjoyed your craziness. And Bill, keep working on your English; one day you too will speak. Last but not least, Jay de Montmorency, you were our saviour, and our guiding light. Good luck next year boys.

Always remember -- Integrity Perseverance Respect and Honour.

There is no better way to describe us than going through a typical day in the life of Kaye's House. Starting with the dreaded breakfast sign-in, most people (though still half asleep) manage to get themselves out of bed in time to be there by the cut-off. At 7:22 we glance up the Kaye's Hill to find 3 little Asians that we all know and love running down adjusting their watches and preparing a speech on why they weren't on time, in order to get out of hills.

Next we have chapel. Sitting in the front left corner, many of us are faced with the problem of 'how will I get to my seat now that it has started without Mrs. D seeing me?' Then after Mr. Detchon's infamous "jokes" we saunter our way to first and second class, break, 2 more classes then lunch. With the new dining hall's sit down meals and seating plans, dealing with napkins on laps and no elbows on tables lead to endless complaints or dreading Madame keeping us in line. Then after one more class, and perhaps some tutorials, we'd spend the next couple of hours either at sport, fine art, or... running laps around the pond (ahem... Tammy). After a well earned dinner and too many cookies we'd have sign in and perhaps a house meeting...consisting of listing off everyone's missing items. Then prep...knock knock knock...its Miiiisster Noble! - always enlighting us on ways to save the planet...or Mrs. Hall giving treats and good advice...or Mrs. Robertson spending most of her time making fun of Stu, or visa-versa. When the freedom comes at 9 music blares and people head out for their nightly "snogging"(as Mrs D. likes to call it) When sign-in comes...so do wall sits. As we bring another year to a close I'm glad to say that we in Kaye's can look back on a year of fun times and no regrets. Starting off with a bang, winning Round the Lake Relay and Track and Field, it was already looking to be one of the best years yet. Not only did we have a successful year through Interhouse, we also bonded whether raiding Ripley's or eating Brunch at the Empress. I will, as I'm sure many will, miss the security and tenderness Kaye's has offered me. I will also miss the availability of friends and comfort wherever you look. Appreciate the now and look forward to the future. "Yesterday is history, tomorrow is a mystery, today is a gift. That's why we call it the present."

There was something in the air in Ripley's this year. No, no, it wasn't gas fumes or airplane glue (although that would explain Jeff's behaviour). Chico, who has improved his hygiene this year, is not responsible either. Actually, we don't really know what it was. The point is that Ripley's House had a very successful year. The grade eights, the newest members of the "Ripley's Elite", survived the year, which says a lot about them.

The grade nines are a group of characters, which is just a nice way of saying they drove us nuts. The grade tens, led by Robert, are our most athletic group. Grade elevens—have fun next year. But of course, the only reason we have a yearbook is for the grade twelves. From Prince, who just never stopped talking, to Cody, that bashful, reserved little guy, this year's Grade 12 class was interesting. Thanks especially to our fearless leader Captain Ryan for leading the House to glory. We cleaned up at Ski Week, and managed to win the most important interhouse event of the year, the celebrated "Reach for the Top" tournament. The boys are grateful for our house staff—without the Welsh Upper Management, Lord of the Flies cannibal chaos would reign over the House. Thanks Mr. Samuel and Mr. Doyle. Without Mr. Deane, we would have had to suffer to the end of *The Usual Suspects* before finding out who Keyser Soze was. Thanks a lot Mr. Deane. As always, we value advice from Mr. Williams and from Mr. Bryant. All things considered, it was a memorable year. Good luck to the Ripley's boys of the future!

11 new girls were privileged with the title of a "School House Girl." Each individual contributed their own identities and uniqueness' and joined with the 17 other returning girls to maintain our reputations as the finest house on campus. This year has been an interesting one. With a new house director, everybody had to adapt to the new atmosphere that she brought to the house. Thanks to Mrs. McCallum and the duty staff for all that they did for us. The grade 9's got pampered again this year due to the fact that we had no grade 8's. Their songs and all round craziness were definitely a plus. It always brought a smile to our faces. To the grade 10's, thanks for the nightly chats and always keeping us entertained, and have fun with the boys. Good luck on being seniors next year. You'll love it!! To the grade 11's, thanks for your support, you've got a great group. Think before you act and always take things lightly. You guys are the leaders next year, make it a memorable year!! To the grade 12's, we've made it!! Thanks for the bathroom parties, the late night talks, and an early morning walk. These are just some of the little things that kept us sane. Now it is time to go on. Thank you for all the good times, good luck in the future.

Well, as new houses have popped up around campus, old, wrinkly Groves' gets a new face lift every year by our new additions. Woman eating ants, godzilla lady bugs, killer leaky roofs, catastrophic flooding bathrooms, and.. oh watch that seventh stair, nothing will ever really bring our house down! Inside this decrepid 3- storey house live 45 vivacious young ladies all destined to greatness. Our bubbly grade 8's, our naughty grade 9's, our budding grade 10's, our exuberant grade 11's all mish mashed together create one superb house. Groves' House would certainly not be the same without our absolutely fabulous grade 12's. Growing up in this house since the age of 12, I have never met a more wholesome crew! Ss and Gs- dancing around, singing, yelling, laughing. (I never said we were quiet) I sincerely believe that it is the people inside a house which count, and not how it looks on the outside. Thank you Lonsdale's for your entertainment. Bev, no one can clean a house as fast as you. Ms. J, keep on looking!!! Mrs. G-"you are gated!" thanks for keeping us in line. Mrs. B, you are quite the spark. Mr. P, I'm so glad we could introduce you to the world of women! Mrs & Mr. S, you two are such a perfect couple- Gaynor and Gayorg! If you have neglected to visit Renfrew, and are unsure of its location, it is the house that resembles a cottage in the trees through Lake's and Ripley's. We are the smallest house on campus, but the coziest. We have enjoyed this year, making everlasting memories by going ice-skating on Valentine's Day, seeing the premiere of Harry Potter II, going to brunch, shopping in Victoria, and all the everyday crazy times. There have been sad times in our house this year as well: when we lost Nicole to France on exchange, and when April and Riley left. When we thought our numbers were diminishing we were happy to welcome two new members: Sarah and Ashley. On behalf of Renfrew I would like to thank Elaine, who we wouldn't have been able to manage without; Ms. Woollven, who puts in so much time and effort in order for our house to be the way it is; and all of the duty staff. It is great to have staff members who care so much about our well being. I would like to thank the Renfrew girls for a great year, you have all made it so much better for me. I wish you girls the best of luck next year, I'll be thinking of you and all the laughs we had.

The senior girls basketball team had an awesome season this year. We played hard... for the most part... and fired it up all season long. We sacrificed a whole lot of time this year to play in extra tournaments during our free time, so props to the girls for their dedication. Although we came 2nd in league play, we managed to make it to Islands and played some good games. Jess, Anna, Adrienne, Enza, Yvonne and Anda, our high school basketball careers have come to an end, good luck in the future. Vanya, Carlen and Mariah, good luck next year! Thanks to Mr. Boulton and Mr. Noble for putting up with us. And thanks to our manager, Amy, for sparing her time to do stats, and to the Aussie, Lu, for helping us out.

Junior Boys Basketball

The Jr. A Boys Basketball of 2002-2003 was a particularly exciting and eventful season. We started the year off with a few losses and grew to incorporate hard work, focus and teamwork among other things into our game performance. The team's confidence and moral rapidly grew when we visited the ISA tournament in Vancouver and came away with the gold after beating GNS, West Point Grey Academy and Southridge. This was the pinnacle of delight for all the players and coaches on the team. Throughout the season, the team accumulated 15 wins and 13 losses. We were heavy competition within the Mid-Island League as we had 7 wins and 3 losses out of the 10 games that we played. At Mid-Island Championships we encountered a hard fought loss to Brentwood in what proved to be the berth game to the Islands. The final score was 51-46 Brentwood. Even despite the losses and injuries the team showed enormous commitment to the game and discipline in learning it. The team jumped at the idea of a practice in which they had to come back early from their leaves. They quickly gained respect from their opponents by playing with school pride and never quitting regardless of the score or competition. In conclusion, the season was very successful and we came away winners.

Junior Girls Basketball

The Junior Girls had a very rushed and short season with a final record of league play of 7 wins and 2 losses. We had our best finish in the ISA's in Vancouver with a great display of basketball and a 4th place finish. The team was a collection of 14 great players, all fighting for playing time. In the end, players such as Mia Bolton, Meghan Filgate, Danielle Yole, Sandra Efeyan, Stephanie Denk, added huge leadership and talent. Two other up and coming young basketballers, Rebecca Neat, and Noelle Marcus bounced in a few baskets and ball handled with pride. There was some great defensive work by Adrianna Hanson and Jessica Harrison, along with support from Kim Hetherington, Cheryl Chui, Claire Linn, Heather Curtis, and Leanne Curtis. I look forward to a great season next year and another promising display of basketball talent.

Jr. "B" Girls Basketball

The Junior B Girls basketball team had a successful season. Led by Danielle Coleman as captain, they fought hard in every game and approached each learning opportunity with great enthusiasm. They played as a team, and after a couple of devastating losses, the girls regained their confidence and started scoring points again. This is a good sign of that vital "never give up" attitude. Perhaps the aspect of their play that impressed me the most, however, was the support that they consistently showed each other, despite the flow in a game or the outcome. It was a pleasure to be with these girls this past season and I wish them the very best for Bball 2004!

Midget Boys Basketball

Throughout the season our team has been steadily building the fundamental skills of basketball. We played 15 games, winning more than half. Our most important win was when we beat Brentwood by more than 20 points! After creating a strong team bond we hope that our skills and team work will prevail in the coming years as many of us go on to play for the Junior teams. Thank you Mr. Austin for a great season.

Search and Rescue

From our first days together in November to our swiftwater rescue weekend in February, the learning curve was steep. Despite our diversity—or perhaps because of it—the group demonstrated a real appreciation of one another's strengths, and came together as a team. It was a privilege to work with such a capable and willing lot. A rewarding and exciting life entails the assumption and acceptance of risk. Knowledge and training allow us to expand our horizons, but

"When y'er gittin' maytagged in a big hole the only thing ya kin expand is yer attitude."

Junior Cross Country

The Junior Cross Country team consisted of 6 runners who committed to training hard by running hills, covering long distances (Subway Runs), and sprinting shorter, but faster, intervals at a local track. We also used heated games of Ultimate Frisbee to sharpen our competitive instincts. At the time of this write-up, we are in the midst of training for the Vancouver Island Championships and will be competing with the six individuals plus some pick-ups from rowing and basketball. Aaron Ram, Robert Burke, Bryce Coleman, Justin Boser and Mark Lam make up the grade ten team. Taylor Termes is our lone grade 9 runner and Craig Dunn and Andres Barroso make up the grade 8 team. Congratulations to **all** of those runners who trained hard and raced hard. It was a great season!

Junior Ice Hockey

Both teams had a tough time getting started but once we had a few practices everything started to come together. Our junior team was made up of athletes that were devoted to the team and to learning new skills. The team managed to keep their heads up high though the first few, due to lack of ice time, were losses. Once we started, we really got going, and beat all of our competition at least once each. In the last game of the season we beat Chemainus 7-0. The team had a good season. There are many good players who will soon be leading the senior team, and when they do, you best come and support. Thanks to our coaches for their efforts and leadership.

Senior Ice Hockey

This hockey season, the senior boys had a lot of fun and enjoyed the competition we faced. Our team consisted of members who had a lot of spirit and talent. During the first practice, it was questionable how good a team we would become. However, after 2 or 3 practices, our team was well on our way. Unfortunately we didn't win any games for the duration of the season because the competition we faced was very difficult. Part of the reason we had difficulty beating other teams was because our team was undisciplined and we took a lot of penalties that could have been avoided. Our season will not be remembered for the game outcomes but for the moments of success. Things that come to mind are Barton's crazy skill, the JD's special of a slapshot, Housser's huge hits and Mevans' insanity. Our team would like to thank Mr. Fraser, Mr. Stelk and Mr. Chicquen for coaching us through the season. We ended the season with a terrific game. We beat Kelsey who had previously beaten our team 10-3 by a score of 4-1. Overall, the team had a lot of fun and learned a lot about self-discipline in this hockey season.

Junior Squash

The past season was successful in every way. The programme welcomed a number of new players at the junior level with a lot of athletic talent and potential for the future. Throughout the term the courts were always in use – both during regular practice times as well as during any spare time the players had. A competitive challenge ladder was set up and resulted in many hard fought matches outside practice time.

The players gained valuable experience and acquitted themselves extremely well at the Pacific Northwest Championships in Victoria, and they were the Independent Schools' Champions for 2003

Senior Squash

Despite a rusty start to the season, everyone managed to regain his or her racket skills by Christmas. After the break we competed in a number of tournaments, both junior (under age 19) and adult. Good job to Yoko who won her first squash tourny ever. With around 6 hours of waiting between games we were fortunate to have the unforgettable company of Jeffery Ma at our sides. The season ended with an eventful day at Brentwood. The ISA (our only team tournament in the year) was won with Toy beating his

opponent, from St. George's, in the 5th game, he saved the day. Thanks to all the coaches who supported us through each game, with tons of helpful advice and company. WE WON THE CUP!

Junior Rowing

The Jr. Boys and Girls in Second Term Rowing participated in many practices and two regattas. All the crews worked hard to train for the Head of the Lake Regatta held at Shawnigan, and the Head of Mill Bay, hosted by Brentwood College. The boys and the girls all improved their skills and strength in the three and a half months of hard practices. The hard work paid off with great results during both competitions. Thanks to all the crews for a strong finish of the season. Also to the coaches who helped us strive to get better at rowing, Mr. Stapff, Mr. Dorland, Mrs. Kerman, Mrs. Platt and Mrs. Hutchison.

Senior Rowing

Second Term Senior Rowing consisted of long practices and two regattas. All crews trained hard for the "Beat the Beast" and "Monster Erg" competitions. Max Wyatt was crowned the National Champion in his age category at the "Monster Erg". The girls developed solid technique and a strong will to compete. This served both the varsity and novice eights well in the six and seven kilometer head races at the end of the term. The boys crew gelled late in the term as each of the boys worked as hard as they could. The improvement was witnessed by strong results in both the Head of the Lake and Head of Mill Bay Regattas. Thanks to all crews for an excellent season, as well as our fearless leaders, Mrs. Stapff and Mr. Hutchison.

Swimming

The core of the swimming program is to learn life-saving skills, improve strokes and increase cardiovascular fitness. Students can get certification in the Bronze Star, Bronze Medallion, Bronze Cross, and National Life-Saving (NLS) levels through the program. The program's emphasis is on the involvement of people, and it gives me great pleasure to watch students with very little skill in the beginning gradually build them and work their way up. No matter how weak you are on land, it doesn't matter in the water. Only practice can increase your endurance and speed in the pool. This term we saw Heather Catte and Tyler Lunn receive their N.L.S certification, while Kate Lafferty, Broderick Wang, and Kelvin Siu received their's last term. All in all, it was a great term for swimming.

Boys 1st XV Rugby

The regular league and premiere series could not have gone any better for the 1st XV. Undeclared in both leagues, the boys were very proud of themselves. We also had quite a bit of depth in this year's Rugby program, so in some of the games we had some 2nd XV players come in and play a half or so. Thanks for giving us a break guys.

The 1st XV squad had many great wins this season, getting bonus points in every game we played. In winning the Island Premier League we will play Carson Graham in a couple of days for the Derek Hyde-Lay Shield. During the season, we had strong wins over SMUS, Oak Bay, and especially our rivals, Brentwood with an easy win of 56-05. All of our boys are training hard with provincials just around the corner. Special thanks to Mr. Samuel and Mr. Hall who put their time, effort and hearts into coaching this year's 1st XV squad.

Boys 2nd XV Rugby

With the unusually large turnout for senior rugby this year, it was expected that we would have two good teams. As it turns out, we have two exceptionally good teams. The 2nd XV this year is a very powerful side with depth, experience, and aggression. Our season started off with the Ireland and Wales tour, where we did surprisingly well. Our only loss was our first game, which was expected; but the score was very close, we like to blame it on jet lag. Improvement was seen throughout the team, and our last tour game was a show of what our team had become and of what we had to offer. Since the tour, we have had an undefeated season. Our seemingly small forward pack is actually rather dominant when it comes to removing the other team from the ball, and our backs play with elegance and speed to complete our unstoppable team. We fight hard, and we don't lose. Our rugby campaign has taken our team to the top of its class, and has made the 2nd XV of 2003 not just good, not just great, but unforgettable. Up Shawnigan!

Girls Rugby

The girls have had an amazing season! We kicked it off with the learning experience of a lifetime. We traveled to London and Wales for two weeks and returned not just with stories but with a new outlook on the game. All went well on the trip but unfortunately we did come back with an injured player or two who then supported us for the rest of our season. We continued to develop our skills and grow as a team. With many returning girls and 36 players, we all learned the value of supporting one another on and off the field. The grade 12's will be missed and the best of luck to each of them. We will be playing fiercely with the "eye of the tiger" in the Provincial Championships and we will "survive." Thanks Duke & Ms. J!

Outdoors

The outdoors program was great, a real adventure, and fun for everyone. We had the time of our lives kayaking. The weekend trips, where we had to go for a couple of days to the islands, were especially interesting experiences. The craziest thing that happened this term was probably when we had to eat with wooden utensils which we had made ourselves during one of the weekend trips. We forgot to bring the forks and knives from Shawnigan when we went out and we had nothing to eat with, so we had to manufacture our own. It was really fun. Overall, it was a great and successful term. Thanks goes out to our fearless leaders.

Junior Tennis

This season has been a somewhat frustrating one for both the players and coaches, in that the weather dictated our schedule for most of the term. From the first week of March to the first week of May there were only three ideal playing days where one could be confident that a match could be played to the end. Nevertheless, everyone persevered and between fitness training, numerous runs and the odd sneaked game between rain squalls, we produced some very competent and keen players. At the time of going to press the I.S.A. Championships are yet to be contested, but we are hoping that the high standard we set last year will be repeated.

Senior Tennis

Dedication, perseverance, and excitement have prevailed in our team this season. Our team consisted of both old and new faces. Even in the roughest of times, rainy or windy, the team has pulled through well. Even though we could not communicate (i.e. chicken hippopotamus, happy clinic) with each other, we connected in deep spiritual fashion. We would like to thank Mr. Morrow and Mr. Candelaria for a memorable season and to Mrs. Candelaria, thank you for the "bumpy" rides. Lastly, we would like to thank the team for the season we will never forget.

Golf

The golf team played in the annual Independent Schools Championship on May the 5th. The tournament consisted of seven schools, each with five players. Our players were Vincent Semenuk (Capt.), Rob Backman, Taylor Drye, Matt McKay, and Paul Sutcliffe. The course was chosen to be Glen Meadows in Victoria, a long, but fairly flat championship course. Unfortunately, the greens had just been aerated, so the putting was very challenging. Still, most of us played well and as a team we placed third behind St. Michael's and St. George's. The individuals also did well. Vince was placed in a tied for fourth, Paul was sixth, and Rob was a close seventh. The highlights of the tournament were Paul's amazing round of 84, and Matt's "spank" of a long drive on number eleven. We had a great time and look forward to competing next year.

Junior Soccer

The Junior Boys Soccer team had a great season this year. We ended up first in our pool due to strong wins over Saltspring, Kelsey, Brentwood and a tie with Gulf Islands. Unfortunately, we lost to Quamichan in the league finals and to Cowichan (in shootouts) in the Mid-Island Tournament, ending our season. Swimming

The Shawnigan Lake School swimming program of the third term was a great success this year. We had many seniors involved with various levels of experience and ability. Some worked on basic swimming skills, while others achieved a variety of lifesaving awards. These included Bronze Star, Bronze Medallion, Bronze Cross, NLS, Aquatics Leader, CPR "C", and WSI. All of us learned rescue skills and managed to have fun during the process.

Sailing

This term began on a cool note – temperature, that is – but quickly picked up. Later, we languished in warm, sunny afternoons with moderate to fair winds. The several stormy days that we suffered were not sufficient to sink the spirits of our intrepid sailors, and the Captain (Mr. Deane) and Mr. Rayner (Racing Coach) put these to excellent use for wild-weather practice, capsize drills or classroom discussions. Mr. Rayner spent time with the racing team refining tacking tactics, practicing perilous starts and rounding busy marks. Our novice crews quickly learned the ropes – or lines, as we refer to them in our fleet of not-so-fleet Pirates. In all, the program looks promising for the Fall. All in all, I'd say the season proved productive and fun.

Junior Boys Rowing

Every year, new athletes join the rowing program as novices. Unlike rowing clubs, which start programs in September, most of our rowers begin their rowing career in December and some intrepid souls courageously try their hand in the third term. Against this background, the Shawnigan crews performed as well, if not a little better than in past years. The first serious regatta of the third term was the Maple Bay Regatta, which was held at Quamichan Lake. The school performed very well winning the boys overall points plaque and finishing strongly in the girl's events as well. The Senior Boys and Junior Boys recorded outstanding performances with many crews placing in most events. Many novices learned that staying on their seat was a more comfortable way to row and have fun. At the Brentwood Regatta, the quality of competition increased and the number of competitors rose markedly. Many crews from the U.S. West Coast use this regatta as the annual tune-up for their junior national championships. The goals for most of the crews was to row well and improve on previous races...(continued on the next page)

Junior Girls Rowing

...Noteable performances came from a number of crews, which raced in numerous events. The Girls Junior A Varsity 4+ and the Boys Junior C 4x+ were the happy recipients of gold medals and a first place plaque. Overall, many crews performed above their expectations and took away medals from this regatta or made Finals. From the coach's perspective two things stood out: Firstly, athletes dealt with delays in the racing program in a positive way, and, more importantly, people helped support each other when rowers needed assistance. Carrying oars, clothing, helping to rig a boat, carrying boats when athletes were coming off the water after a race, were just some of the examples where each helping hand was gratefully accepted. More than results, the above mentioned actions spoke volumes about our crew. As the Shawnigan regatta approaches, crews are now directing their focus to the final regattas and the National Schools Rowing Championship at St. Catherine's.

Senior Boys Rowing

To all those junior boys that thought that rugby was hard, well they're up for a surprise. Third term rowing is a sport that separates the men and women from the little boys and girls. Third term rowing is so busy that it's likely you'll totally forget about school work or even graduating. We are going to crush the competition, Brentwood included, and it will happen this year with all eighty club members contributing to their fullest. For many years we've dreamed about winning our regatta, and as the saying goes: if you can dream it, you can do it. The term started off with the Maple Bay Regatta and this was the first experience of racing for most of our rowers. It was a great experience because we won the regatta. Our second challenge was the Brentwood Regatta. This regatta is a three day event with crews from all over North America. Only two weeks later we hosted our own regatta where we showed the school what all the pain, sweat and early morning practices were for. In early June, June second in fact, some crews will be representing the school by competing in the School Boy's Regatta which is the National Championships in St. Catharines, Ontario.

"The boat came alive- it was electric. That was definitely the most dynamic experience of my life..." —National Team Member Rob Marland.

Senior Girls Rowing

Whether it was 5:45 in the morning or 3:15 after a busy "Shawnigan" day, the Shawnigan crew would walk into the boat house giggling, dropping books after having just run down from a Chemistry tutorial, or simply lost in a daze. But once their hands hit the gunnel and blades slid across the boat, they all knew what they were there to do. Each had their personal goals, their own reason for craving that boat beneath them and together they did it. Each crew in the past has left its mark, whether it be on school plaques, on the back of ribbons or in

the most valuable of memories. But this year, the girls did it all. They showed them that it could be done and they did it all with a smile on their face. I am so impressed with the amount of commitment and dedication the girls put into this season. I can only ask that we walk away from this year with only the fondest of memories, the knowledge of what hard work really is, and the pride that together we became the best we could be. From the girls:

Coaches we can not begin to thank you enough, never will we come across people as devoted to selflessly helping their rowers achieve their personal bests. To you and to the memories we share, don't forget a stroke girls.

ENVIRONMENT CLUB

This year the environment club is made up of 14 people. We are getting a lot done and this has been one of our best years due to the size and enthusiasm of the group as a whole. The program consists of several different elements including our biggest project, the fish hatchery. We had a bit of a rough start due to a lack of spawning fish for the egg take; however, the hatchery is a very important part of the program and should do as well, if not better, than it has in other years. Another project we began, and completed, this year was the second half of the "Borderline Trail." We began the year by attending several talks with different members of the community regarding the many aspects of environmental preservation. We will end with our traditional whale-watching trip on the West Coast. Over all, the club is dedicated to bringing a greater awareness to the school, and to the community, of each individual's responsibility in the preservation of the world around them.

CULINARY ARTS

(above) Molly, why are you using a knife to stir the butter?

This year, we have introduced a new programme to the line-up of fine art options. With the building of the new dining-room, the old kitchen was freed up to be used as an instructional facility for the students. To enable as many students as possible to benefit from the programme, we are offering 5-week courses to the Grade 12 students to help prepare them for next year when they may have to cook for themselves. So far, we have made lasagna, sushi, a casserole dish, pizza and salads of different kinds. For dessert, we have produced pies, meringue and tarts as well as baking cinnamon buns, cookies and muffins. Maybe next year they won't have to depend on Kraft dinner!

BAND

The instrumental music program at Shawnigan this year consists of the Grade 8 Band, Grade 9 Band, Senior Concert Band and Senior Jazz Band. The Junior and Senior Jazz Combo make up the extra-curricular (Fine Arts) portion of the program. Each group has had several opportunities to perform in front of the School as well as participate in festivals at the regional, national and international level. Some of the highlights of our year include: the Fall and Spring Fine Arts Concerts, the Comox Valley and Vancouver Island Concert Band Festivals, The Vancouver Island and West Coast Jazz Festivals, and the Lionel Hampton Jazz Festival in Moscow, Idaho.

OUTREACH

Do you know the kind of people who are seen and not heard? The Outreach program this year was just the opposite! We were often involved in a variety of activities, but not a whole lot of people realized just what we'd been up to over the year. Here are some of our highlights: leaf-raking for the Juvenile Diabetes Foundation; packing shoeboxes full of gifts for Operation Christmas Child; sponsoring and supporting the Terry Fox Run, the Tour de Rock (Cops for Cancer), and the Run for the Cure; and working as volunteers at the Elsie Miles Elementary School Fun Fair. We held a bake sale in the local community to raise money for the Food Bank, and helped neighbourhood school children through our evening tutorial program called "Homework Helpers". We wore our jeans on Jeans Day to support the work of BC Children's Hospital. Our "SLS Water Rats" provided helpful service during the annual regatta, including our "Kiddie Kare" baby-sitting service. Behind the scenes we've made sure that each SLS student's birthday was recognized with a little card and treat. The Outreach program could not have been possible without the help of the entire student body and staff, who enthusiastically gave of their time and their money to ensure our success! Thanks again!!!

SCHOOL EDITION

FILM

As a new program in an already successful Fine Arts curriculum, the Filmmaker course has inspired and taught the fundamentals of filmmaking to interested and enthusiastic students. By focusing on the fundamentals of Filmmaking, students have learned the necessary basics for understanding and enhancing the film viewing experience as well as taking events from their lives and turning them into cinematic realities. Each student has the chance to make one five-minute documentary. Through a series of tasks the students were able to compete for positions on two main projects. The ten minute film and the twenty-minute film. Every student had the opportunity to submit a script for each of the major topics. Positions such as Director, Producer, Editor, etc., were determined by participation, effort and assignment scores.

As an introductory year, during 2002/2003 there was a huge directional push towards having fun. All learning was geared towards an environment where students were able to understand to the best of their abilities, the fundamentals of criticizing movies and the process behind their production, and in so doing, creating films of their own. The students involved in the program have shown a high level of interest, and give the school a great deal to be proud of as media arts and the understanding of them become more important in today's society. -Mr. M. Boulton.

DEBATING

The debating team has been up to a lot in this eventful year. One of our first debating tournaments of the year was in Toronto. Ben, Eoin, Evan and I ventured to Toronto with a late start. After a lack of sleep from our delayed flight the boys did quite impressively in their first debate. The next day they all scored in the high 80s and 90s. The boys, however, did not make it to the finals. Our second tournament was at St. Georges. Eoin and Ben had the judges and myself rolling in the aisles with laughter from their logical deconstruction of the opponents argument. This earned Eoin and Ben 2nd place. The Golden Gnome debate tournament took place at Oak Bay high school and had some impressive results. Ben won 3rd place overall impromptu speaking and Eoin won 1st place overall senior debater. Thanks to all the debaters for a wonderful year.

It's been three years at Shawnigan and it was a good trip but I'm happy it's over. Mom and Dad, thanks for giving me this wonderful opportunity to create a life for myself. It is the best gift that I could ever receive. I love you very much. John and Dave, we've had our rivalries but I couldn't ask for better brothers; I love you. Allie, you are everything I could ask for in a friend, a shoulder to cry on and a smiling face to rejoice with; I love you. Best friends forever. Vancouver crew, friends for life. For those who really knew me at Shaw, your friendship will not be forgotten. You know who you are. Check ya later.

These past two years have been a mixture of emotion, laughter, friendships and growth. I'm speechless when trying to verbalize what's happened since arriving here; the tough times, “life lessons”, and warming memories essentially all blend into one extensive blur. I want to thank and express my love to: my crazed roommates, those I trekked & missioned with, those I actually cared about, Mrs. Stroebel for her ceaseless push, and lastly my family who have supported me through my endeavours. I look at our experiences together here as a blessing, but I still can't wait to escape and hit the real world. I will miss you all; nobody knows where we will end up, so good luck with whatever the future throws at you...

Well..... first I want to thank my parents for all the effort they put into me, through the up and downs. During the past three years at Shawnigan I was taught many important values..... like how to shoot a basketball and that playing rugby gives you a great advantage at Shawnigan. Kelly, I can finally understand why you were such a stressed child. I'm now ready to move on to the real world.

Oh my, I can't believe this is already due. WOW, it just crept up my pant leg and tunneled into my colon. I tried so hard for something profound to say but I'm drawing a blank. I mean nothing, like not even Veni Vidi Vici. How do I even start this thing? I know what I want to say. I'll have to thank my parents for helping me through everything and getting me to where I am now. Probably the debating gang as well as the EA Team; Bio was great. And I've got to make fun of the Irish, especially Eoin. I might even go as far as thanking the boys in Ripley's, especially the grade 12's. "Behennah, wherever you are, Santa baby!" If I have enough space. Well, it looks like my time is up. Cheerio! Does anyone know the way to the train station?

I would like to start by thanking all of my teachers and mentors for giving me the insight to do well and to actually make it to graduation. Thanks Mom, Dad for the independence you gave me. My delightful siblings Nate, Rachel and Becca for all of your love. Phil and Heather for teaching me things that parents usually don't teach. Auntie Lynn and Uncle Don for being my second set of parents here at school, and my three wonderful cousins Jenny, Katie and Dana for being there for me. Last and definitely not least my friends, I love all of you and owe you the world. See you in the pit.

It's been a long haul, one that's provided me with innumerable unforgettable memories. To all the guys in Lonsdale's, you made my time in the school something to look forward to when times were tough. To the Lonsdale's grade 12's, all the late nights, laughs, and sorrows we shared together will stay with me forever-I hope to see you all again sometime down the road. To the other boys in the house: work hard, persevere, endure; you'll survive. To Mr. Dorland and Mrs. Stapff, thank you for introducing me to a sport that taught me how to dig deep; a sport that helped me discover what I was truly capable of. I don't know where I'd be without rowing. Mom, you sacrificed more than I could have ever asked for to put me through Shawnigan. Thank you.

None of this seemed all that real, to be honest. More like a really strange dream, with uniforms. Wow. I have weird dreams. Alright, enough of this philosophical stuff. I could talk about chapel and everything along that path (I guess I am, anyways), but no. I've had some good times with some good people. Hopefully it will continue. Mom and Dad, you're always right, despite my protests. Thanks. Caroline, you've got all the gifts. As I write this, a commercial came to my mind that really sums up what Shawnigan is all about. "Tuition - \$30000 annually; commissary charges - \$500 per month; leave buses - \$60 per trip; the best education one could have - priceless." In three years I have learned a lot from this place. From ways to sound cool at a math party - thanks to Mr. Cox, to all the chemical formulas for explosives - Mr. Mayes, as well as many more precious lessons. Shawnigan has been the most valuable experience that I have had, and perhaps will be the wisest choice I will ever make in my life. Thank you, mom and dad, for sacrificing so much in sending me to this special place. To the boys of Lonsdale's - a thousand thanks for being my family away from home. and especially to Hutch, who has been like a dad.

I am sorry Johnathan, but I am just a little frustrated with you right now.

To the Shawnigan public, I am known as the quiet Asian who plays the violin. To those who know Arthur unmasked, I am something else entirely. I am the weirdo who blares classical music in his tidy bedroom, the bizarre guy who utters random comments in class, and the sublime mime notorious for being rather "sick." Despite these character flaws, my peers and teachers have accepted me for who I am. I wish to acknowledge my Gr. 12 teachers and Mrs. Hall, for they have shown me that I can still succeed when the whole world thinks I'm nuts. To the 12's and the Welshmen of Ripley's, you've survived living with me in the same house for three years - kudos to you. At the end of grade 11 there was no way on earth that I would come back to Shawnigan. But then someone brought to my attention that the food budget would be increased and Chapel would no longer be mandatory. Like most things about me, this was 50% correct. I would like to thank Mr. and Mrs. Chicquen for keeping my wonderful journey through Shawnigan on track. Mr. Buss and Mr. Rolston for opening up a fine art that I never thought would be possible. My parents for all the support and Canadian Airline tickets, and the Lake's boys that always found humour through those long chapel services. But most of my thanks go to my teachers that smacked me in the right direction countless times. If it weren't for them, I wouldn't be able to write such a prestigious grade write up.

Not often does one get a second chance like I have, to correct mistakes made previously, to completely start over. Shawnigan has been challenging, it makes you a stronger person and helps people discover their limits. My parents have always supported me even if they didn't agree with me; thank you, I love you. Thank you Matt, you have taught me the tricks to dealing with Shawnigan. Thanks to the Stroebeles, you have put up with me and my drama. Emily, thank you for being there when I needed a shoulder to cry on and someone to vent with. I would like to thank my ESL friend Sam. You always said something stupid to cheer me up, thanks. I won't forget my experience at Shawnigan, it was life changing. It has taught me who I am. It has shown me my true potential.

Congratulations to the boys and girls of 2003. The times will be changing - but the fond memories I will keep forever. Thanks to Max and Enza for your constant smiling which made every day cheerful. Thank you to Mom, Dad and brothers for your support. To the boys in Duxbury, the friendships are unforgettable. SLS hockey was great. I think we were the best team in the province. I guarantee the person before me and the person after me in this write up will get married some day. Thanks for the three years of mysteries. Good Luck, Alex.

Well easily the 4 longest years of my life. To start off on a positive note, I think it should be said that many people helped me get to where I am today and I wouldn't have made it to graduation without their support and tolerance. I will not be able to erase this school from my memory so I think I'll try to remember the fun. DC comes to mind for sure, even the greasy Hawaiian, or who could forget sector b and the creek. To everyone else I like, try to finish your sentence, the real world is not too long away.

The past five years at Shawnigan have been particularly long and tiring; however, this is what has given me both the time and strength to become the person I am today. Thank-you Mom and Dad, without your endless amounts of patience and understanding, your support and most especially your persistence, I don't know where I'd be today. Deep down I know that this opportunity was given to me in my best interest. To everyone I have had the pleasure of knowing, thank-you for always bringing a smile to my face. The best friends I could ever ask for, “The Betty's”. I couldn't have survived without you all and the endless amounts of distraction; we've made it through the good times and the bad. You all made my days just that much brighter, thank you.

I always knew that we would look back on our crying and laugh, but I never knew we would look back on our laughter and cry.

My time here at SLS has been well spent. Its ups and downs were like a roller coaster but I held on tight. With the help of good friends and good times it has been memorable. To all those people that I chilled with, you know who you are, thanks to my parents to for this opportunity. Thanks to “The Hyde-Lay” for all of the time he invested into my future, and me, your advice will not be forgotten. It is time for me to move on, I can only hope that this next stage of my life will be as productive and fulfilling as the one that I am leaving behind.

In my 5 years at Shawnigan I've gained and lost so much, yet from what I've lost I've grown stronger. I came to this school as an irresponsible grade 8 who didn't even know how to speak English. I'd like to thank my parents for giving an opportunity of a life time. Words cannot express my love for you both. Jae-Young, I'll never forget the life we encouraged each other to have. Yoko thanks for always being there for me. The Basketball team, we were almost there. Thanks for all the memory and hopefully we'll meet on the court again. To the boys of Lake's past and present thanks, my time here would not be the same without all of you. Being in School House was quite a change from Kaye's in grade 10, but I enjoyed my year here. I met a lot of people that I will never forget. I want to thank my Dad and Donna for all the effort they put into helping me and for all the encouragement I got from them. Thank you both so much, I love you. Schang-love lots mate. One more year and you're outta here!!! I hope you have a great year next year. Mole-you're a great friend, love lots. Marty: I love you and thank you so much for everything.

Thanks to my parents for their continual guidance and support over the years, and to my sisters for their love and laughter that has helped bring me this far. To all my friends, new and old, thank you for making my time at Shawnigan worthwhile. I hope we meet again someday. To my roommates, your laughter will be missed. I will never forget all that have made an impact on my life here.

It's unfortunate if that while attending this school one does not realize the privilege and opportunity that we have been given. Living and growing up with the boys and Mr. Samuel in Ripley's has been an experience in its own. I am in the greatest of debt to my parents for providing me with this incredible experience and seeing me through it. Over the past years you, Liam Young and Frank have been great support through good times and bad. Finally, to my brother, best of luck and take advantage of all that presents itself to you to the fullest extent.

Having grown up in a busy city like Vancouver, being sent away to boarding school in the middle of the woods didn't exactly appeal to me at first. Little did I know then just how much the school would grow on me these past two years. It has also led me to some of my most treasured friendships and memories that are sure to last forever. Thanks fam for your love and good times, and providing me with such amazing opportunities. Gavin and Amy, you guys are my best friends and I know we'll stay close through the years to come. Thanks as well to Mrs. D for your continuous support & good advice, and all of you amazing spirits in Kaye's. I'll never forget you.

All I gotta say is this city life is way too much for me to handle! Thanks to everyone, especially my roomies, the laughs will be unforgettable: the bathroom, the noise, the late nights, the early mornings and everything in between. It's what made me survive grade 12!! Thanks Mom and Dad for letting me experience what lies beyond the small town of Chetwynd! To everyone back home, I missed you guys and it's been hard, but now it's done!!

You know, a lot of people say that being seventeen is difficult. For me, it's the easiest job there is. I like to think of this place as Shawnigan Lake Golf and Country Club. Where else in Canada can you play golf in January and wake up the next morning to go skiing? Furthermore, the school actually cares about you and it's pretty hard not to get good grades. I am a very lucky person to go here and I wouldn't trade it for the world. Any time people ask me if being seventeen is hard I just tell them that if ice cream doesn't have bones, it must be a moose.

It's not easy to visualize life without the friends and teachers that I made at Shawnigan. The experiences are unforgettable and memories are countless. Sorry "MISS" Woollven for always talking when you were. Mr. Lane, I didn't mean to be late to your classes so please don't shoot my kneecap. Mr. Sarsfield, I will read more books. Mr. Mayes, I won't fail chemistry, trust me! Mr. Rolston, although I am better than you in stained glass, you will always be the best teacher. Mr. Koenig, thank you for waking me up everyday. Mr. Hyde-Lay and his family, thank you for always pushing me to my limits and showing me what I'm capable of. Laundry Ladies, you guys are really nice to me. To ALL my friends in Shawnigan, you guys are the best. Sylvia, thanks for setting up examples for me to follow. Finally, I have to thank my mother for all the hard work and sacrifices that she made. Without her support I wouldn't be who I am. Although I don't say it all the time, but I want to tell you how much I love you, and there's nothing more that I could ask for.

My time here at Shawnigan has been characterized by unique opportunities and exciting challenges. The hours spent on the water training for a final 6-minute event were some of the most intense, peaceful and happiest of my tenure at the school. Late nights in the house pouring over Art History pages and the laughs that come with the 1.00 AM jokes that just are not funny will be what I remember most about the house, not to mention some of the best guys on campus. The opportunities provided in the classroom were excellent, not to mention the patience of all of the teachers and coaches. Thanks to Mr. Hutch and Mrs. Stapff for keeping me on course; and to Mom and Dad for keeping me going.

Before I can leave this school in good conscience, there are a few things I have to say. Firstly, thank you to the school for attempting to give me the foundation on which you thought a good person could be built. For your stubbornness, optimism, and unwavering support, thank you Mom and Dad. For all the times I accidentally said "home" in place of "house," thank you to every guy in Lonsdale's. Grade eight seems like yesterday. The very first day of the grade eight expedition, I remember the girls gathering in a circle in the main gardens to discuss what kind of people we would turn out to be in grade twelve. Well we're here, this is it, and I can definitely say that I'm proud of the person Shawnigan has helped me to become. The guidance of my teachers has been an inspiration, special thanks to Mr. Cox, the Grasses, Mrs. Bruce-Lockhart, Mr. Linn and Mr. Yates. To Ms. Woollven: thank-you for your reassurance in times of stress. Katie, Whitney, and Samantha, I'm forever grateful for your unfailing support and friendship. Heathcliff—I don't understand how you can be wrong about everything. I will never forget you. I can't thank my parents enough for their sacrifices and faith. I didn't expect to have a great high school experience back when I was a bored and miserable grade eight in West Van. But then I dragged myself off to boarding school, and things turned around. I'll miss Shawnigan and all the people and things I've met here. Thanks to all the rowing friends, the friends who made fun of rowing, the AP (super)friends, the girls, and the elite Ripley's grade 12s. You all made my four years at SLS a life instead of job.
